The Brookville Bees had to fight back hard as they got by the Appomattox Raiders 21-6 in a Seminole District football game last Friday night at Brookville. The game was closer than the score as the last Bee touchdown came with only :28 seconds left in the game. The lost gives the Raiders a 2-4 overall record and 2-3 in the district while Brookville is 5-1 overall and undefeated in the district.

Brookville struck first with 6:13 left in the first quarter on a 19 yard screen pass and the kick was good as the Bees took a 7-0 lead. The rest of the first half was mostly defense as the team exchanged punts several times.

In the third quarter Brookville received and started on their own ten, but a couple of plays later the Raiders stopped a long Bee gain and caused a fumble and recovered on the Bee 39. Glenn Doss took a pitchout three plays later and went 20 yards for a score and it was 7-6 with 8:27 left in the third quarter. The Raiders tried for the two-point conversion and it failed.

The Bees then came back from the kickoff on their own 35 and scored eight plays later with 4:44 left in the quarter as Jim Ferguson went in from 14 yards out and Steve Julian kicked to make it 14-6.

Early in the fourth quarter, the Raiders held on their 13 yard line and a fourth down, 30 yard field goal by Brookville missed. A little later another Brookville drive was halted as Mike Gallier intercepted a pass. With a little over a minute to play the Raiders had the ball on their own one and with fourth and four punted. It was partially blocked and the Bees took over on the Raider 11 and Ferguson scored again from three yards out with :28 seconds left and Julian made it 21-6 with the kick.

Doss had 81 yards on 19 carries to lead the Raider ballcarriers.

Ferguson had 153 on 25 carries and Smith had 130 yards on 16 attempts to lead Brookville.

On defense James Hunter, Dickie Kelso, Glenn Doss and Mike Gallier led the way.

The Raiders go to Jefferson-Forest Friday night for another district contest.

Raiderettes Win Three Volleyball Games

The Appomattox Raiderettes ran their record to 6-0 in volleyball as they won three games last week. They beat Brookville 15-6 and 15-2 on Monday, came back to down Altavista 15-9 and 15-9 on Tuesday and had to play three games with Rustburg before winning out. Rustburg won 15-7 and then the Raiderettes came back to win 15-0 and 15-12.

Sue Moore was the outstanding server in the Altavista game and in the 15-0 game against Rustburg Trish Book served 15 straight points as she whole game.

The six team tournament to be held here at Appomattox will begin at 6:30 p.m. Wednesday, Oct. 17, 1973. It will continue on Thursday night at 8 p.m. The top teams so far are Appomattox, Liberty, Rustburg and Brookville.

JV'S Win Over Brookville

On Thursday, October 11, the Appomattox Junior Varsity football team won over Brookville JV's 20-6.

Today, Thursday, the JV's, will take on Jefferson Forest at 6 p.m. in a game played at the ACHS football field.

The Appomattox Junior Varsity team is still undefeated and will be out to beat Jefferson Forest. Come out and support this fine team of young players.

Gospel Hymn Sing

The Huddleston United Methodist Church announces a Gospel Hymn Sing for Oct. 27th at 7:30 p.m. Only two groups have been chosen to perform. The "Believers" and the "Palestine Trio." Both groups are well known for their fine quality and good selections in the gospel singing field. The congregation will sing and anyone present will be given a chance for Christian testimonies. A free will offering will go towards the new organ that was recently purchased. The Huddleston Church along with Mt. Horeb, Independence, and Patmos Churches make up the Huddleston Charge. The Rev. William Freddie Davidson is the circuit riding pastor.

The United Methodist Men's Prayer Breakfast will meet Sunday 21st at 7:30 a.m. in the Huddleston dining room. Mr. Bobby Ashwell, president, will preside. Breakfast will be served by the men of the Huddleston Church for the four churches that come together.

Stonewall Extension Homemakers

The Stonewall Extension Homemakers Club met with Mrs. Susie Krantz on Thursday, October 11, 1973, at 1:30 P.M. with 9 members present, and 3 visitors.

We were happy to have both of our Extension Agents meet with our club this month.

Our meeting was opened with prayer and devotions by Mrs. Krantz. Mrs. Helen Routon gave a very interesting report on the Cancer lecture which she & Mrs. Lillian Routon attended on Wed., October 10, 1973. Mrs. Inez Foster reported on Achievement Day, which was on Friday, October 5.

The 1974 slate of officers was presented by Mrs. Krantz, and the members voted to accept those officers as presented.

Mrs. Walton talked with us about a Leaders Training Meeting for the November program; and about a Program Planning Session on November 8, which will begin with a covered dish luncheon at 11:30 a.m.

She also requested ideas for the 1974 programs. We were told of several workshops to be held this Fall.

After we recited the Homemakers Creed and Prayer, Virginia Davidson gave the demonstration on "Pattern Alteration."

We were served very timely Halloween refreshments by our hostess and we were delighted when our visitor, Mrs. Frances Gilliam, said that she would become a member of our club.

PORK PICKIN'S

Appomattox Pork Producers

Last Thursday night at the Farmville Livestock Market, the South Central Feeder Pig Association and the Piedmont Pork Producers co-sponsored their first Cross Bred Gilt Sale. Those who were present deemed the sale a big success. There were offerings of gilts from two farms in Virginia in an attempt to help local producers to improve their commercial herds. Thirty seven gilts were offered with the top grading pen of two going to Oscar Knott, of Charlotte Co. The two highest priced gilts went to Henry Wood of Buckingham Co. and Jim Moley of Nottoway Co., respectfully and sold for 182.50 each.

The prices ranged from 122.50 per head to the top price of 182.50 per head. All of the gilts were started at the base market price of $95.

Appomattox County will be the host county for the board meeting of the Piedmont Pork Producers tonight at Maudes Restaurant.

The hog - corn ratio continues to weaken in the face of higher grain prices. This week the ratio was 16.8 as compared to 22.4 a year ago.

RECIPE OF THE WEEK

SWEET'N SOUR TOP CHOPS

Select firm, meaty pork chops cut 1 or 1¼" thick. Place chops in large bowl. Pour marinade sauce over them. Cover and chill several hours or overnite in marinade.

Barbecue over medium-hot charcoal fire for 10-12 min. per side, or till cooked half through. Turn chops only once. They are done when center appears to be light gray color. Baste chops with sweet 'n sour sauce the last 4 or 5 minutes of broiling time. Heat the remaining sweet 'n sour sauce and serve hot with the chops.

Sweet 'N Sour Sauce

Combine the following in a saucepan:

¼ cup butter or margarine, 1 cup brown sugar, ¼ cup cornstarch, 2 T. soy sauce, 1 T. Worcestershire sauce, 1 cup vinegar, 3 cups pineapple juice, ½ t. salt, 1 t. liquid smoke (optional).

Cook over low heat until clear and thickened, stirring constantly. If desired, add pineapple chunks, green pepper, thinly sliced onion, or tomato wedges the last 3 or 4 min.

Marinade: Use 1 cup of the above sauce, preferably before the addition of vegetables or fruit and add 3 cups of Seven-Up. Mix well.

JUST WONDERING?

For those of you in the Pamplin area who are wondering how Charlie Brinkley, our local cowboy, came out at the Rodeo in Virginia Beach on Saturday night . . . he rode his horse six seconds and landed on his head Saturday night and on Sunday he rode his horse four seconds and landed on his head.

His seven year-old daughter, Sheila, won second place in calf scramble.

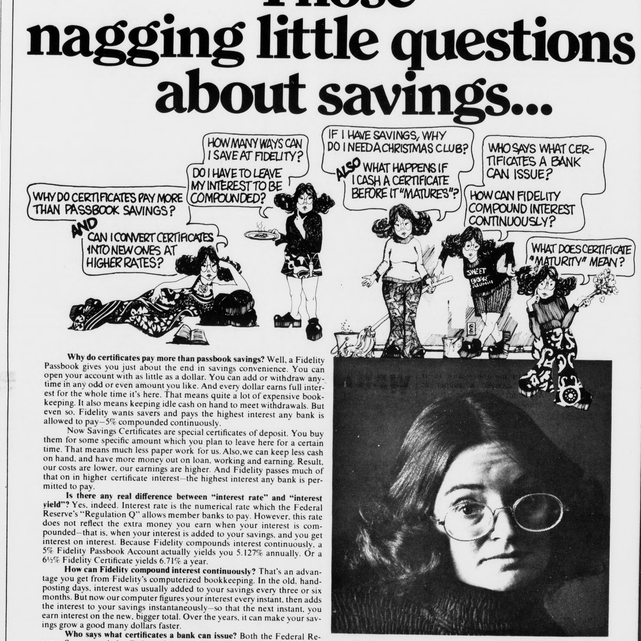
Those nagging little questions about savings...



Why do certificates pay more than passbook savings? Well, a Fidelity Passbook gives you just about the end in savings convenience. You can open your account with as little as a dollar. You can add or withdraw anytime in any odd or even amount you like. And every dollar earns full interest for the whole time it's here. That means quite a lot of expensive bookkeeping. It also means keeping idle cash on hand to meet withdrawals. But even so, Fidelity wants savers and pays the highest interest any bank is allowed to pay–5% compounded continuously.

Now Savings Certificates are special certificates of deposit. You buy them for some specific amount which you plan to leave here for a certain time. That means much less paper work for us. Also,we can keep less cash on hand, and have more money out on loan, working and earning. Result, our costs are lower, our earnings are higher. And Fidelity passes much of that on in higher certificate interest–the highest interest any bank is permitted to pay.

Is there any real difference between "interest rate" and "interest yield"? Yes, indeed. Interest rate is the numerical rate which the Federal Reserve's "Regulation Q" allows member banks to pay. However, this rate does not reflect the extra money you earn when your interest is compounded–that is, when your interest is added to your savings, and you get interest on interest. Because Fidelity compounds interest continuously, a 5% Fidelity Passbook Account actually yields you 5.127% annually. Or a 6½% Fidelity Certificate yields 6.71% a year.

How can Fidelity compound interest continuously? That's an advantage you get from Fidelity's computerized bookkeeping. In the old, handposting days, interest was usually added to your savings every three or six months. But now our computer figures your interest every instant, then adds the interest to your savings instantaneously–so that the next instant, you earn interest on the new, bigger total. Over the years, it can make your savings grow a good many dollars faster.

Who says what certificates a bank can issue? Both the Federal Reserve System and the Federal Deposit Insurance Corporation limit the amount of certificates any member bank can issue which have a minimum maturity of four years, a minimum deposit of $1,000, and no interest limitations. The limit is one twentieth (1/20) of a bank's total savings deposits. Fidelity has issued all its allowable certificates of this type. However, you can still get Fidelity 6½% Certificates. They run for a minimum of 2½ years. And with Fidelity's continuously compounded interest, they yield 6.71% annually.

What does certificate "maturity" mean? Each Savings Certificate is issued for the length of time you contract to leave your money on deposit, and interest is set accordingly. 5½% on a 90-day certificate. 6% on a one-year certificate. And 6½% on certificates running 2½ years or longer. In order to earn full interest, plus the extra benefits of continuous compounding, you must hold your certificate until it "matures" at the end of the term for which it was issued.

What happens if I cash a certificate before it "matures"? All certificates now being issued by Fidelity can be cashed without question, anytime you wish. However, the new, stringent Federal Reserve regulations require that when a certificate is cashed early, the bank must withhold three months interest. The most the bank is allowed to pay on certificates that are cashed early, is the passbook rate of 5% for the time the money was actually on deposit minus the three months interest.

Can I convert certificates into new ones at higher rates? This used to be allowed. But now the Federal Reserve requires that when a certificate is converted before it matures, the same interest penalty must apply as though it were being cashed before maturity.

What makes a certificate "automatically renewable"? All certificates now available at Fidelity give you this benefit. When you take out your certificate, you can tell Fidelity to notify you when your certificate matures so that you can cash it with full, continuously compounded interest. Or you can tell us to renew it automatically. That way, even if you forget, your money goes right on earning.

Do I have to leave my interest to be compounded? No. If you want to use your savings interest to live on, Fidelity gladly mails it to you regularly or deposits it to your checking account.

Just what does "Member FDIC" mean to me? It means you have the extra protection of the Federal Deposit Insurance Corporation. This agency of the Federal Government guarantees each depositor's checking and savings up to a total of $20,000. Ask your Fidelity banker about various combinations of accounts that can be insured for even more.

If I have savings, why do I need a Christmas Club? Many people find that the 50 weekly Christmas Club deposit coupons–like time payment coupons on an appliance–help them "buy" a Merry Christmas on the easy payment plan. What's more, they don't mind spending their Christmas Club check–though they might hesitate to draw out regular savings to pay for Christmas giving and fun. Fidelity offers you this 5% interest on your Christmas Club savings. Try it!

How many ways can I save at Fidelity? Right now, you can choose from four plans–each paying the highest interest any bank can pay. *5% Passbook Account* that yields 5.127% because interest is compounded continuously. 5½% Three-Month Certificates, yielding 5.6%. *6% One-Year Certificates*, yielding 6.18% annually. 6½% Certificates, running 2½ years, and yielding 6.71% annually. All certificates can be automatically renewable. Interest from three months, one year and 2½ year Certificates can also be mailed to you as income or deposited to your checking account.

Talk with a Fidelity Savings Counselor. Work out with him how much you should have in your checking account–how much for emergencies in passbook savings–how much you can wisely put into savings certificates. That way, your savings grow faster. As an extra, your credit standing grows, too–making it easier and quicker for you to get a Fidelity loan or Fidelity financing. All of which is fine with us–because the whole Fidelity idea is *helping you grow helps us grow.*
